Work Experience

Mid Frontend Developer

Full Time

2024 - Present

Innovate Tech

I am currently working as a mid level frontend developer for Innovate Tech.

Junior Frontend Developer

Full Time

2023 - 2024

Creative Saathi, Jwagal, Lalitpur

I developed responsive user interfaces using React.js, collaborated with design and backend teams, maintained coding standards, optimized user experiences, stayed updated with React.js developments, and conducted quality assurance, driving the success of our web applications and meeting objectives effectively.

Freelancing

Frontend Developer

2022 - 2024

Throughout my freelancing career, I specialized in crafting responsive user interfaces using React.js and NextJS. With a keen focus on user experience principles, I honed my skills to create seamless digital experiences across various platforms and devices.

Freelancing Projects

Prosperity Truth Coalition (PTC)

<https://ptctoken.io/>

I handled the entire frontend for PTC using ReactJS & TailwindCSS for frontend and utilizing Jotai library for state management.

BATT

<https://battribe.com/>

I was responsible for the entire frontend of this project

NYC SPC

<https://nyc-spc-nextjs.vercel.app>

The entire frontend for this project was done by me.

Hueheadz

<https://huemanz.xyz/>

I used vanilla CSS and JS for this project.
